

## GOVERNMENT WORKERS DESERVE FAIR PAY!

*For far too long federal pay has lagged behind our counterparts in the private sector. So, it's up to us to keep the pressure on to raise our pay!*

Right now, lawmakers have the chance to support federal workers by cosponsoring the Federal Adjustment of Income Rates (FAIR) Act, which would authorize an average 8.7% pay raise for federal employees in 2024.

But they need to hear from YOU! Take action NOW, scan the QR code and email your lawmakers asking them to cosponsor the FAIR Act in both chambers.
